

HELENA VOY 04

SAILING DATE 16th May 2018

In order to conform and create continuity with the Island of St. Helena at which the Helena calls monthly, it has been decided to set down dates for the relevant cargo activities pertaining to the loading of the Helena at Cape Town. This will enable us to create more productive planning in a cost effective way and thus minimize the risk of extra costs which have been incurred over the past years due to lack of forward planning.

The receiving periods for cargo are as follows:

General Break-bulk Cargo.....9th to 11th May 2018.....06h00-16h00
Container Traffic.....9th to 11th May 2018.....06h00-18h00
Ventilated Cargo.....14th May 2018
Reefer CargoLiaise with our offices for dates
Hazardous Cargo14th May 2018.....09h00

IMPORTANT

In order to ensure that all cargo is ready for loading at the appropriate time, the above dates **MUST** be adhered to.
